**Re: Abundiz, Raul Sardina****October 5, 2021****Page 2****U.S. Probation Officer Action:**

It has been made clear to Mr. Abundiz that his behavior is unacceptable and he was in violation of his supervised release conditions for consuming controlled substances.

This officer used corrective action to address Mr. Abundiz's behavior. He has become honest about his struggles and requests additional resources to address his addiction. He was verbally reprimanded for making poor choices and encouraged to utilize cognitive skills to make better choices.

Mr. Abundiz completed a substance abuse evaluation at Merit Resource Services in Yakima, Washington, and has been participating in intensive outpatient treatment since August 18, 2021. Mr. Abundiz is using resources to assist him with his addiction to controlled substances. Since his admitted use of controlled substances in July 2021, there has been no evidence of continued use of controlled substances.

Based on the above-noted information, this officer recommends no action be taken at this time in order to afford Mr. Abundiz the opportunity to participate in outpatient substance abuse treatment. Should Mr. Abundiz return to consuming controlled substances, this officer will notify the Court and request scheduling of a hearing.

I declare under penalty of perjury that the foregoing is true and correct.
